*Since 1946*

The California Association of Meat Processors shall work for the betterment of the meat industry in California. This will be accomplished by providing strong, qualified leadership that represents the interests of the meat industry in the legislative halls. In addition, we keep our members informed of developments and matters of development and matters of interest in the meat industry.

## BENEFITS

**Representation in the State Government:** CAMP has a record of achievement in dealing with government problems. In fact, you may want to ask yourself, "Have you stopped harmful legislation?" CAMP has! That's where our strength in numbers comes in. A group united as the CAMP can work wonders in the State Government. That's one reason why you should be a part!

**Newsletters:** The regular newsletter which members receive will keep them informed on important local and national news in the meat industry, industry trends and association activities which may have a direct effect on their business.

**Annual Convention:** The Annual Convention is a highlight of each year. This great show features education with meetings that address crucial issues in the meat industry; great fun and fellowship with your fellow meat processors, plus a large show of exhibits by leading manufacturers and suppliers.

**California Cured Meats Show:** This show held in conjunction with the Annual Convention gives members the opportunity to have their products judged and rated. Winners regularly take advantage of the great publicity of winning through the media and by the display of the awards

**Continuing Education Seminars: Sausage** Classes, Plant tours, Regulatory Seminars... anything that will help our members keep ahead of changes... these are just a few of the special meetings we conduct for our CAMP Members.

### Types of Membership

**Operator Membership:** This class is for most of our members... it is for those who are not federal plants. This class is also for all Federally inspected Meat Processors.

**Suppliers Membership:** This class is for companies which offer equipment, supplies and services to meat processors of California and believe that being associated with the nation's largest state meat association will benefit their company.

**Ally Membership:** Individuals who are engaged in any way with the meat industry, maintaining a residence in California, are eligible to be an associate member. They have no vote nor cannot be board member or officer, but they can serve on committees and participate in any association meeting.
